CARNIVAL CELEBRATION OF ELKS PROVING BIG SUCCESS

BIG SHOW PROVES A MAGNET TO ATTRACT MANY PERSONS

INTERIOR OF DAYTONA THEATER PRESENTS GAY APPEARANCE WITH ITS MANY AND VARIED ATTRACTIONS.

The Elks' Carnival and Home Week celebration is proving a big success, judging from the interest shown yesterday and last night, the first day and evening of the big show. The carnival will last through this evening, tomorrow and tomorrow night.

First the object of the Elks in giving the carnival, just to furnish some amusement and entertainment for the citizens, the winter residents and tourists, is being well accomplished as shown by the large number of persons who visited the big show in the theater yesterday and last night and enjoyed the entertainment offered.

The carnival has been entirely arranged and is being presented by a committee of members of the local lodge of Elks, and the committee is having the assistance of every member of the Daytona Lodge, as well as the large number of visiting members of the order.

The largest amount of interest in the carnival centers in the climax to-morrow evening, when the various articles in display will be given away by the lodge.

The interior of the New Daytona theater, which is given over to the various booths of the carnival, has been fully decorated for the occasion with Elks colors, flags and other emblems. Conspicuous among the decorations are the handsome colored paper chandeliers for the electric light bulbs, made by Joseph Sealing of this city, and Norman Hore of Hartford, Conn.

In fact, many of the decorations were furnished by Mr. Hope, having been brought here from Hartford for the purpose.

The center of the large floor is occupied by an attractive booth devoted to articles distinctly of an Elks character, and here also are to be seen the popular Elks' Baby and her numerous belongings, the LeSeane kodak and other things donated to the Elks' carnival. Mrs. M. L. Stanley, who has general supervision of the fair department of the carnival, presides over this booth.

To the right of the entrance is a pretty booth, in charge of Miss Kate Dittman, where are offered for sale copies of the Daytona High School Sentinel, high school postcards, Elks home photo post cards and minor articles.

The corner of the hall to the right of the high school booth has been retained off to form a cozy tea room, containing several tables. This room, which is in charge of Mrs. Kate Cronshaw, assisted by Mesdames Benford Deacon and H. A. Jameson and the Misses Margaret Shields and Dora Williams, is tastefully decorated with bamboo and illuminated by a number of miniature electric lights.

Adjoining the tea room is the fancy work booth, in charge of Mrs. Louis Adler, assisted by Mrs. Geo. Kallenberg of New Rochelle, N. Y., and Miss Mabel Morgan and a visiting friend. Here are numerous dainty and beautiful articles of fancy work very attractive to the feminine eye.

The next feature is a side show entitled "Round the World," where for five cents one may take a wonderful trip under the guidance of Dr. W. E. French.

Next to this side show is the candy booth, where a tempting display of candies, principally home-

made, are arrayed to entice the lover of sweets into purchasing. This candy booth is in charge of Miss Lillian Bligham, assisted by Mrs. F. H. Wright and Miss Eva R. Jackson.

Adjoining the candy booth is a stenciling booth with quite an assortment of designs and materials for this work. This booth is in charge of Mrs. V. T. Barr of DeLand, assisted by others.

To the right of the booth and occupying the northeast corner of the building is a country store, with a varied assortment of canned and canned goods, under the management of a committee of the Elks.

On the stage reposes the automobile which will be presented to some fortunate individual Wednesday night, while on the main floor and directly in front of the stage is located the valentine booth, gay with bright red hearts and many messages from St. Valentine, and presided over by Miss Mabel Zimmerman.

Next in line and situated at the northwest corner of the building is a double booth, devoted to the sale of ice cream and cake and soft drinks, the former in charge of Mrs. Charles Nusbaum and the latter of Mrs. H. Eugene Johnson.

Adjoining this is another double booth, with Mrs. F. N. Conrad in charge of the handkerchief department and Mrs. Russell A. Smith presiding over the smokers' articles of refreshment. With the handkerchiefs are the Panama and Stetson hats and other articles donated for the carnival.

Next comes another side show, "New Hicings of Army Life," in charge of Miss Myrtle Zuber, and this show must be left to the imagination until one has passed the portal after the payment of the required dime.

A booth of domestic arts and crafts is next in line, with a supply of less fancy but more serviceable articles, such as aprons, towels, etc. This booth is in charge of Mesdames J. H. Pierson and M. B. Aukman.

Last in this round of booths and occupying the southwest corner of the building is the electrical display by Messrs. E. L. Gunn and J. B. Garrison. This with its blaze of light is the brightest spot in the building and an interesting place in many ways as there are a number of demonstrations of the uses of electricity for various purposes, side that of light, including cooking, etc., and a miniature railroad, with locomotive and train of cars run by the electric current, proves a great attraction to the children.

The Elks' home itself is devoted entirely to the serving of meals and quick lunches in the banquet hall of the building and this department is in charge of Mrs. T. O. Melton.

PREACHER RICHESON MUST DIE IN CHAIR.

BOSTON, Feb. 13.—Governor E. N. Foss today absolutely refused to consider a petition to commute the sentence of Rev. Clarence Richeson, convicted and confessed murderer of his former sweetheart, Avis Linnell. Richeson must die by electrocution May 19.

COURT HELD ON PLATFORM AT STATION

NEGRO ENTERS GUILTY PLEA WHILE TRAIN STOPS HERE

BLACK MAN CONFESSED HE STOLE BICYCLE, IS BOUND OVER TO COUNTY AND CONTINUES WITH SHERIFF.

Although 'Squire Zuber maintains an office as justice of the peace in the little room in the rear part of the fire station building, he doesn't always hold court there, and Monday afternoon Mr. Zuber held court on the platform at the depot of the Florida East Coast railroad, received a plea of guilty from a negro by the name of Albert Ball, and bound the man over to the criminal court.

The negro was arrested in Jacksonville last Saturday while in the act of attempting to pawn a chainless bicycle, and later confessed he had stolen the wheel in Daytona. About the same time W. H. Peters of this city reported the loss of a chainless bicycle and it was definitely ascertained the wheel lost by Mr. Peters and the one which the negro was trying to pawn were one and the same.

Sheriff E. L. Smith went to Jacksonville after the prisoner and brought him down by train. 'Squire Zuber met the sheriff and prisoner at the depot, court was held while the train stood at the station, the negro entered a plea of guilty and was bound over to the criminal court and the sheriff and prisoner proceeded to New Smyrna on the same train, changing at New Smyrna for the train to DeLand.

The negro prisoner claims to be from Valdosta, Ga.

RIOTING AGAIN AT LAWRENCE ONE STRIKER BADLY STABBED
CHILDREN OF STRIKERS TO BE TAKEN TO NATIONAL CAPITAL AND PARADED THROUGH CAPITOL BUILDING.

LAWRENCE, Mass., Feb. 13.—Rioting broke out again at noon today at various points about the city, as though planned as a concerted attack. On Union street a mob of girl strikers attacked the militia, who pushed them back with the butts of their guns. A dozen Italians attacked the soldiers at another point on Union street and the troops used their guns as clubs. Several of the strikers were badly hurt. There have been many arrests.

At the Atlantic mills a strike-breaker seriously stabbed Striker Samuel Adams. The latter was trying to make the strikebreaker quit work.

A total of 1,000 children from the homes of the strikers are being prepared to be taken to New York, Philadelphia and Washington by a committee connected with the Industrial Workers of the World. Those taken to Washington will be paraded through the halls of the capitol building.

More soup kitchens are being opened for the strikers. Many who had returned to work have now gone back to the strikers, as the temperature is more moderate, and the ranks of the strikers seem stronger than for several days.

DAILY STOCK MARKET REPORT.

NEW YORK, Feb. 13.—Stocks opened quiet and generally lower, showing a half and Steel three-eighths lower. Cotton was weak on heavy liquidation and eight to 19 lower with March at \$10.12 and July at \$10.40.

Wheat Market Heavy.—CHICAGO, Feb. 13.—The wheat sent to all the republican generals market opened from five-eighths to afield today by President Sun Yat one and three-eighths lower. May Sen to cease fighting. A proclamation was quoted at \$1.02½. Provisions of amnesty for all imperialist were unsettled with May pork at \$16.25, lard \$9.25, ribs \$8.80. Hogs 12 will be celebrated as a holiday and cattle were steady.

INDIANS ON WAR PATH IN MEXICO

MORE THAN 1,000 SUSPECTS HAVE BEEN PUT TO DEATH

UNITED STATES ANNOUNCES IT HAS NO INTENTION OF INTERFERING WITH AFFAIRS IN MEXICO.

MEXICO CITY, Feb. 13.—It is announced that 29,000 Oaxaca Indians have taken the war path and are demanding the abdication of President Madero. The situation is becoming more critical every day. Description is expected to begin by the first of March.

The war office announced today that more than 1,000 non-combatants, suspected of secret loyalty to General Zapata, have been put to death. The announcement is intended as a warning.

The Spanish section of the press throughout Mexico is demanding the resignation of President Madero. No person is safe outside of the larger cities.

U. S. To Keep Out.

WASHINGTON, Feb. 13.—The state department announced today that the United States has no intention of interfering in Mexico. The officials say that, although the situation is critical, they don't believe it will become necessary for the United States to send an army into Mexico.

PRESIDENT OF CHINA ORDERS WAR TO STOP.

NANKING, Feb. 13.—Orders were issued today by the president of China to all the republican generals to cease fighting. A proclamation of amnesty for all imperialist soldiers is expected soon. February 12 will be celebrated as a holiday in China in future.

ALDERMEN WILL GET SALARIES

EACH MEMBER OF COUNCIL TO GET PAY IN THE FUTURE

SALARY OF CITY CLERK IS ALSO RAISED FROM \$300 TO \$450 PER YEAR TO TAKE EFFECT AFTER ELECTION.

Members of the city council, who will be sworn in and take office immediately after the votes in the city election have been counted to-morrow night, will receive a salary of \$2 for each regular meeting attended, or approximately \$48 per year, and the city clerk will receive a salary of \$450 per year in future, instead of \$300 as in the past.

This is the result of an action taken by the city council at the regular meeting held last evening, the final meeting of the present city council. Two members of the council, Messrs. E. T. Conrad and E. J. Mills, voted against the resolution to pay the aldermen, because they both continue in office through the coming year, and were the only members of the present city council whose terms do not expire with the municipal election to-morrow, present at the meeting last night. All of the other aldermen, with the exception of E. S. Hall, are candidates for re-election to succeed themselves.

Alderman Hall, whose term as a member of the council expires to-morrow and who is not a candidate for re-election, made the motion to pay the members of the council, Alderman Hall, O'Brien and Burdick voted for the salary proposition.

Because the city clerk is not paid a salary sufficient for the services rendered and the work done for the city the motion to increase the salary from \$300 to \$450 per year was carried unanimously by the council.

Other matters on which action was taken by the council included a request for an improvement in the condition of the street at the corner of Beach street and Locust avenue, and this matter was referred to the street committee. The ordinance providing for the paving of Magnolia and Volusia avenues west of the railroad tracks were laid over until specifications can be made and bids asked for.

Mayor Titus informed the council that he had suspended the night watchman and his action was approved by vote of the council.

INJUNCTION IS ISSUED FOR EAST COAST ROAD.

WASHINGTON, Feb. 13.—A temporary injunction was granted today by the commerce court, setting aside the order of the interstate commerce commission reducing the rates on citrus fruits and vegetables from gathering points in Florida to Jacksonville over the Florida East Coast railroad. The bond was set at \$100,000 pending a final hearing.

HOT TIME IS EXPECTED AT ATLANTA

AT REPUBLICAN CONVENTION WHICH WILL MEET TOMORROW

EFFORTS WILL PROBABLY BE MADE BY TAFT SUPPORTERS TO FREEZE OUT THE ROOSEVELT DELEGATES.

ATLANTA, Ga., Feb. 13.—Taft vs. Roosevelt is the main issue of the republican state convention, which convenes here tomorrow, for the purpose of choosing delegates to the republican national convention next June.

If the primaries that were held a week ago may be taken as a forecast tomorrow's convention will develop into the most heated internal battle the republican party of Georgia has ever experienced. The breach which sprung up between the Roosevelt and Taft factions at that time has apparently widened and the chances of a reconciliation between the two sides are so small that they have not even been considered.

The members of the Taft faction hold the controlling power in the state organization, and it is undoubtedly the intention to bar from the convention those delegates that were elected in independent primaries held by the Roosevelt supporters, the majority of whom are negroes. Such an action, the Roosevelt men declare, will result in their continuing the stand taken by them in the primaries and they will hold a convention of their own, decide which faction acted with irregularity.

If the delegates that were elected by the Roosevelt men in their own primaries are admitted to tomorrow's convention, a stubbornly fought battle is bound to rage during the entire meeting. And even at this late date it is impossible to predict whether the fight would result in the instructing of the delegates for Taft or his predecessor.

The almost unanimous manner in which the negroes are acclaiming the colonel is a source of considerable surprise, in view of the bitter racial feeling the ex-president aroused when he caused the dishonorable discharge of the negro troops implicated in the notorious riots that occurred in Brownsville, Texas, during his administration. One of the reasons given for this unusual situation is that the negroes of Georgia have received an unusually small portion of political pie during the last four years.

President Taft's supporters declare that the action of the Roosevelt men in the primaries was irregular and that their delegates will not be recognized in tomorrow's convention. They assert that Taft will be the choice of the Georgia delegation to the national convention.

President Taft is watching the fight with unusual interest as he is desirous of having Henry Blum, of Savannah removed from the national committee to make a place for Henry Jackson of Atlanta, who is collector of the internal revenue.

CHICAGO, Feb. 13.—Warrants were secretly issued today for the arrest of President Frank Ryan of the Structural Iron Workers and Financial Secretary Houlahan of the Chicago local of the same union.

DYNAMITE CASE ARRESTS TO BE MADE TOMORROW.

INDIANAPOLIS, Feb. 13.—Arrests in the dynamite indictments will be made tomorrow. It was first intended to make the arrests today, but unexpected delays arose.

SCHMIDT'S HOTEL
The good ship Euclypsine, with
master and crew, who have served
long and faithfully in the school of
apprenticeship and master, has again
been brought safely to port, and our
citizens will find much of interest in
interviewing the crew as well as the
captain, as to recent happenings
about this staunch ship.

Equipped with all necessary arma-
ment and tackle they set sail on a
tour of investigation up the Tomoka
river. Included in the freight cargo
was one named Foy from Chicago
(not Eddie Foy, but his better). This
man Foy was used as euclypsine
while alligators were being held in a
grace preparatory to their capture.
His winning smile, his Joe Miller
jokes and his Irish wit caused the
alligators to perform in a most un-
usual manner.

While Foy entertained one group,
a Minck from Brooklyn was used as
bait to lure other alligators from
their dark hiding places. As bait
Minck is a decided success.

A few wily old gators who have
for the past hundred years escaped
the wiles of many hunters could not
be brought to the surface until
Schlouburger was used. His adver-
se depots and his "game" leg, together
with four "bullets" which he held,
proved enough to arouse the curiosity
of the oldest and largest gators
known to these parts of the state.

One Nackle, origin and blackface
unknown, being the only one of his
species in captivity, was used exclu-
sively to "skin the game." At one
stage of the cruise he was found be-
hind four kings, with which he
"skinned" the other pirates of the crew
in a way and manner thus far un-
known to the civilized world.

Age, crowned with wisdom and se-
asoned with the charms of youth held
sway over all and dealt justice to
the criminals who were consigned to
irons.

Judge McLean ably performed this
function, and between a red necktie
and a bull-dogging handkerchief, not
to mention his Prince Albert, he lent
a dignity to justice not usually found
on the banks of the Tomoka.

Among other pirates of the crew
there was one representing royalty;
somewhat diminutive but neverthe-
less when discovered generally
found right side up with care. As
a crowning final of the Kaiser garden
of Coney Island this royal Petri was
found measuring the capacity, for the
consumption of Tomoka river water,
of each of the other pirates. The
result of the careful investigation
was that each received an invitation
to the Kaiser garden. They must
come well provided with fishy hure
and then do credit to their capacity,
in the absence of all water.

The glass blowers' union and the
amalgamated association of cock
manufacturers have presented the
master with engrossed resolutions of
thanks for the generous use of their
class of goods.

Host Schmidt of Schmidt's hotel,
supplied a few miles of sandwiches
of every known and fifty-seven un-
known varieties, together with ab-
sorbing foods, including herring
which needed considerable "wash-
ing" to send them to their proper
destination.

The captain of this ship has been
known as a master of masters in his
hospitality, generosity and super-
abundance of good nature. But even
he stood fidgeted when, upon
making fast his good ship Barnstine
at the good dock Schmidt, he was
confronted with a line of suffragettes
who stood there with all modern im-
plements of attack and defense
ready to "welcome home" the savage
pirates who had "straggled" off for
the day. (None of the stings were
"shot").

**RECEIVES SAD NEWS
OF DEATH OF FRIEND**
Marcus H. Rogers received a card
yesterday conveying to him the sad
news of the sudden death of his
friend, Joseph W. Gibson, at his
home in New York city, Friday, Feb-
ruary 9, of pneumonia.

Mr. and Mrs. Gibson had spent
two or more seasons at Seabreeze
and had all arrangements completed
to again come to Florida when Mr.
Gibson was taken ill last week.

Mr. Gibson was publisher of the
Haberdsheer, an important trade
journal of New York and was a
man of remarkable personal magne-
tism and genial, social qualities,
making friends readily wherever he
went, and many here will learn with
regret of his demise.

Modern Business Idea.
"You still assert that competition
is the life of trade?" "Oh, yes," re-
plied Mr. Dustin Stax. "But we don't
care to compete for a chance to sell
our goods. What we want is to find
people with their money out compet-
ing for the privilege of buying them."

COMPANY WILL DREDGE APPROACH

PROTESTS SENT FROM HERE HAVE THE DESIRED EFFECT

CITY COUNCIL GETS WORD THAT THE APPROACH TO THE CANAL THROUGH THE TOMOKA BASIN WILL BE DUG OUT.

That the agitation started by the Halifax River Yacht club, the Daytona city council and the Daytona board of trade to have the state board of internal improvements refuse to make final settlement with the Florida Coastal Inland Canal company for completing the canal between the Halifax and Matanzas rivers, connecting Daytona and St. Augustine until the head waters of the Halifax river have been made navigable, has borne fruit is shown by communications read by City Clerk Porter at the regular meeting of the city council last evening.

Communications from the internal improvement board, the chief drainage engineer, the governor and the canal company, showed that the matter has been carefully considered by all parties considered since the condition of affairs was brought to the attention of the internal improvement board and the state officers, and assurances have been given that the Tomoka basin will be dredged out and the head waters of the Halifax put into navigable condition before the completed contract with the canal company is accepted by the state.

Details of exactly what is needed to put the approach to the canal, through the Tomoka basin in the proper condition were asked by the chief drainage engineer of the internal improvement board, and these details were furnished the engineer by the city clerk. After the matter was taken up with the canal company by the drainage engineer, the canal company hastened to assure the internal improvement board and the Daytona city council that the approach to the canal, at the mouth of Smith creek, will be dredged out to a

depth sufficient to permit boats to emerge from and enter the canal from this end without difficulty.

INTERESTED IN CAMPAIGN OF GOV. WOODROW WILSON

GOVERNOR WOODROW WILSON.

Among the visitors in Daytona at this time is Thomas Jackson Ankettell of Detroit, a prominent banker and lumberman of the Michigan city. Mr. Ankettell is much interested in the campaign of Governor Woodrow Wilson of New Jersey for the democratic nomination for president, and has been instrumental in organizing the state of Michigan for Wilson. Mr. Ankettell believes that 75 per cent. of the Michigan democrats are now for Wilson and that the state delegates to the national convention will be instructed for the New Jersey man.

If These Towns

with the best of fire-fighting equipment can burn why not Daytona?

NEW YORK, Jan. 10—The fire in the Equitable Life Assurance company's building, which started yesterday morning and gutted the big granite and marble structure, is still burning today and the city firemen are working hard to subdue the flames.

Between \$1,000,000,000 and \$1,500,000,000 worth of securities are locked in the vaults of the big building and the vaults in the ruins are being strongly guarded by a cordon of police.

It is now known that seven lives have been lost in the fire and others may be in the ruins.

The Equitable officers declared today that none of the policyholders will lose a cent because of the disaster. By hard work the firemen have been able to keep the blaze from spreading to other structures in the vicinity.

Big Plant Destroyed—
 EAST ST. LOUIS, Ill., Jan. 10—Three acres of buildings comprising the plant of the Commercial Acid company two miles south of this city were destroyed by fire this morning. The cause of the blaze was an explosion and the loss will amount to \$200,000.

Boston Tenement Burns—
 BOSTON, Jan. 10—The four-story tenement building at No. 10 Willard street burned this morning. Two women and one man, all Italians, were burned to death and many were rescued from death by the forming of a human chain to a nearby building.

Many Buildings Burned—
 BERKELEY SPRINGS, W. Va., Jan. 10—Two business blocks, five residences and a church were destroyed by fire here this morning. The blaze originated in a bakery and the total loss will reach \$150,000.

Bad Fire in Chicago—
 CHICAGO, Jan. 10—The warehouse of the Creamery Package Manufacturing company on West Kinzie street was destroyed by fire this morning with a loss of \$100,000. In the Northland hotel, next door, 400 guests were thrown into a panic and all were driven out into the streets in the zero weather when the roof of the hotel caught fire.

COUNCIL ADOPTS THE CITY BUDGET

ESTIMATES TOTAL EXPENSES NECESSARY FOR NEXT YEAR

OUTGOING COUNCIL SET AMOUNT TO BE ALLOWED NEW COUNCIL TO RUN THE CITY FOR THE COMING YEAR.

The annual budget, estimating the expenses of the city of Daytona for the coming year, was adopted by the Daytona city council at its final meeting last night, the total estimated expense for the city for the coming year being placed at \$104,000.

This annual budget is always made up by the outgoing council and accepted by that body, and the council is placed by the new council after its organization following the municipal election. The new council will be sworn in after the count of votes tomorrow night and the budget to make up the total sum accepted as the amount to run the city for the coming year will probably be decided at the first regular meeting of the new council.

Included in the item of salaries are the expenses of the city waterworks system and the three mile school fund and one mill sinking fund are taxes voted by the people. The annual city budget is as follows:

Mayor	\$400
Clerk	450
Councilman	325
Attorney	100
Treasurer	100
Assessor	200
Collector	500
Police	1340
Sundries	7500
Interest on city certificates	200
Street lights	5000
Interest on bonds	775
Streets	7500
1 mile school, 1 mill sinking fund, estimate	6500
Total	\$20,000

This total for the coming year compares with a total of \$27,746 estimated in the annual budget of last year.

"Souvenirs Crescent tonight. Don't wear your hat if you visit us tonight, we will give you one, the latest spring style."
Attorney E. F. Oates was a passenger this afternoon for Bunnell, where he goes in connection with a large real estate transaction. He expects to return on the midnight train.

"LOST—Door key on ring with dog collar key. Return to this office."

Four new members of the city council will be selected from among the ten candidates in the field, and the offices of school trustees must be filled by writing the names of the three men for whom each wishes to vote on blank lines at the bottom of the ballot and making a cross mark before the names so written in.

The city council at its regular meeting last night adjourned to 7:30 o'clock tomorrow night, to be in session as soon as the votes are counted, and the new city officers will be sworn in as soon as the count is completed.

"After attending the big Elk carnival Wednesday evening, do not forget to go to the Arcade to see the great skating carnival in masquerade."

JUST GOSSIP BY THE GOSSIPER.

Exactly ten years ago this week a petition, signed by a large number of the business men and citizens of Daytona, was sent to the head offices of the Southern Express company asking that a downtown office be established in Daytona. There was no need of a downtown office of the express company in this city at that time, there was still more need the next year and the succeeding year and there has been increasing need of that downtown office from that time to the present. In spite of this increasing need of an office of the express company in a centrally located place, convenient to the business district, the offices of Daytona are still waiting for favorable action on that petition filed with the offices of the company exactly ten years ago. Seeking an estimate on the action of the post, just how long will it take the Southern Express officials to act on that petition?

Some action should be taken by somebody to clear the bench of the pile of wreckage across Broadway and washed under and under by the tide since the one large piece was broken up by dynamite recently. In the present unimproved condition the remaining portions of the old wreck are a greater menace and annoyance to residents on the beach than when the one large section lay as an obstruction in front of the automobile clubhouse.

The surfacing of the city streets with dry sand was questioned at the time by some who the matter was first under discussion, as of course any proposed action of the kind would be and one of the objections advanced was that the material was not hard enough to stand the traffic to which it would be subjected, especially on Beach street. After a year's experience with it this objection seems to be substantiated by the condition of the street mentioned, which is rutted and pitted in many places. Every shower of rain and even the sprinkling of the street leaves it filled with unmovable lumps of mud, held in deep ruts running in side from that of a summer to a long plate or later. This shell makes a fine, smooth surface for a time, and it will probably answer for the cross streets and even Ridgewood and Palmetto avenues for some time to come. But Beach street, particularly in the business section, will eventually have to be paved with something more substantial.

Tomorrow the annual municipal election takes place in Daytona and the voters have the opportunity to choose by ballot the men they desire to head city offices through the coming year. Although there has been but little outward interest in the municipal election there has been a strong undercurrent of feeling in connection with the election, this year and the count of votes may reveal some surprises. With but two candidates for mayor the race for the office of city attorney this year has been an interesting one and the outcome will be watched with much interest. With only one candidate for clerk, treasurer and collector, these elections are clinched but the outcome of the race for city assessor will also be watched with interest.
